

Plastic Rolling Platform Dimensions

Eleven 1' deep elongated impressions to anchor the removable shelf's frame to the rolling platform.

Threaded Stems:

Threaded Stems One: 1.5x13x1

Threaded Stems Two: 1/2x13x1.5

Threaded Stems Three: 3/8x16x1.5

The first measurement is the diameter of the stem, second is the threads per inch and third is the height of the stem.

Because of its lightweight the assembled removable shelf's frame can easily be placed on the plastic rolling platform.
